

Hi, My name is Abhay Kumar, and I currently work as a Project Lead/Technical Architect. I bring over 7 years of experience in technical development, specializing in customization and integrations within D365 Finance & Operations and AX.

I'm excited to be part of this group, looking forward to learning from everyone, and contributing effectively to our upcoming assignments.

---

Hi, I'm Abhay, a Technical Architect based in Noida with around 7 years of experience in the ERP domain. I specialize in Microsoft Dynamics 365 Finance & Operations, with hands-on expertise across D365 F&O, AX 2012, and AX 2009.

Over the years, I've worked on multiple implementations and support projects, including one full end-to-end implementation in the SCM domain. My technical experience spans integrations (DIXF, REST APIs), Electronic Reporting, SSRS and MorphX reporting, as well as core development areas like tables, forms, entities, classes, security, and batch jobs. I'm also experienced in database management, automation, and client-facing activities including UAT and solution discussions.

I hold several Microsoft certifications including MB-500, MB-300, PL-400, and AZ-500, and I'm continuously expanding my expertise in solution architecture and data/AI domains.

My name is Abhay, and my base location is Noida. I am a technical resource for this company. I have almost 7.0 yrs of experience in technical domain. In my 7.0 yrs of exp, I have worked on different versions of ERP system as Dynamics 365 F&O, AX 2012 and AX 2009.

And this is my **1th project** in this company. I've an experience of around 5.0 Yrs. of D365 F&O and 2.5 Yrs. in AX 2012/2009, Microsoft Dynamics D365 F&O implementation.

I have worked on the DIXF, Integration, Electronic Reporting, SSRS Reports, Morph-X Reporting, Forms, Views, Tables, Entities, Classes, EDT, Enum, Security Implementation, Batch Jobs, Unit testing, UAT, Client interaction, and some other areas of work like maintaining database and backup and restore database backup and creating auto mail reports in the database and Rest APIs consuming.

~~Also completed one end-to-end implementation project accompanied by a support project on the SCM domain.~~

I have completed 7 certifications as MB-500, MB-300, PL-300, PL-400, AZ-500, SC-900 and PL-900. Also planning to complete MB-600 and AI **AI-900**, in upcoming days.

**Fabric Analytics Engineer Associate (DP-600):** While data-focused, it is critical for preparing the data foundations required for advanced AI and analytics .

I started my journey with Hexaware July-2025 and is originally from Noida but has for the last 16 years stayed in Noida.
